

Notice to Investors of Actively Managed Certificate on the Stable Global Growth Strategy

Swiss Security Number / ISIN 30689207 / CH0306892073

March 22, 2017: The conditions of the above mentioned structured product have changed as follows:

Advisor old: Talent Advisors SA

Advisor new: Targa5 Advisors SA

Investment Strategy old:

The AMC on the Stable Global Growth Strategy is an actively managed portfolio of selected securities, which is based on investment advice and recommendation of Talent Advisors SA. The strategy aims to preserve shareholders' capital and provide a stable, positive rate of return on investment, measured in U.S. dollars. The AMC invests in a combination of equity securities, equity funds, bonds, bond funds and money market instruments.

The AMC invests in instruments of issuers located in developed countries with no prescribed limits.

The AMC generally focuses its equity investments in larger companies it believes to be undervalued. The AMC invests substantially all of its debt investments in investment grade debt instruments.
